Department of the Air Force

Record of Decision (ROD) for the Disposal and Reuse of Castle Air Force Base (AFB) California

On January 3, 1995, the Air Force signed the Record of Decision (ROD) for Castle Air Force Base (AFB), California. The decisions included in this ROD have been made in consideration of the Castle AFB Disposal and Reuse Final Environmental Impact Statement (FEIS), which was filed with the Environmental Protection Agency and released to the public on November 25, 1994, and other relevant considerations.

Castle AFB is scheduled to close on September 30, 1995. The major methods which will be utilized to dispose of the approximate 2,777 acre base are: public airport conveyance (approximately 1,580 acres), Federal transfer to the Federal Bureau of Prisons (approximately 659 acres), public park conveyance (approximately 18 acres) public education conveyance (approximately 128 acres), and public or negotiated sale (approximately 350 acres).

The uses proposed for the property by prospective recipients of property under the ROD are consistent with the community's redevelopment plan for the base. The ROD announced that any potential environmental impacts would result directly from reuse and redevelopment by others. Likewise, most of the mitigation of environmental impacts would be the responsibility of future owners and developers. The Air Force has tried to take all practical measures to avoid or minimize environmental harm that may occur as a result of its disposal action.

Any Questions regarding this matter should be directed to Mr. John P. Carr, Program Manager, Northwest Region. Correspondence should be sent to AFBCA/NW, 1700 N. Moore Street, Suite 2300, Arlington, VA 22209–2809. Patsy J. Conner,

Air Force Federal Register Liaison Officer. [FR Doc. 95–2126 Filed 1–27–95; 8:45 am] BILLING CODE 3910–01–M

DEPARTMENT OF ENERGY

Conduct of Employees; Notice of Waiver Pursuant to Section 602(c) of the Department of Energy Organization Act (Pub. L. No. 95–91)

Section 602(a) of the Department of Energy ("DOE") Organization Act (Pub. L. No. 95–91, hereinafter referred to as the "Act") prohibits a "supervisory employee" (defined in section 601(a) of the Act) of the Department from knowingly receiving compensation from, holding any official relation with, or having any pecuniary interest in any "energy concern" (defined in section 601(b) of the Act).

Section 602(c) of the Act authorizes the Secretary of Energy to waive the requirements of section 602(a) in cases where exceptional hardship would result, or where the interest is a pension, interest or other similarly vested interest.

Mr. Notra Trulock, III is on assignment to the Department of Energy from the University of California under the terms of the Intergovernmental Personnel Act. He is serving as Director, Office of Energy Intelligence. In addition to his employment with the University of California, Mr. Trulock has benefit interests in the University of California. I have determined that requiring Mr. Trulock to sever his employment with the University of California and to terminate his benefit interests would be an exceptional hardship. Therefore, I have granted Mr. Trulock a waiver of the divestiture requirement of section 602(a) of the Act with respect to his employment and benefit interests for the duration of his service as a supervisory employee with the Department.

In accordance with section 208, title 18, United States Code, Mr. Trulock has been directed not to participate personally and substantially, as a Government employee, in any particular matter the outcome of which could have a direct and predictable effect upon the University of California, unless his appointing official determines that his financial interest in the particular matter is not so substantial as to be deemed likely to affect the integrity of the services which the Government may expect from Mr. Trulock.
